Happy Friday!

The weather seems to be changing for the better which can only be a good thing! It is so nice to be able to learn outdoors and so important to our children's development. Be sure to subscribe to your class pages to see what they have been doing!

Can I please remind everyone, that for Health and Safety reasons, we really do need children to stand with their adult before the start of the school day. Can you please support us in asking children not to play on or with equipment and bikes and scooters must be walked once through the gate. We all know how busy the playground is at the start of the day and no one wants to start their day in First Aid! Thank you, I know this is a team effort!

We are busy planning Sports Week and other Summer activities so keep your eye on the school website!

We received a letter from Mrs Bear this week as she needed our help to find her baby bear. The children planned to create traps to catch the bear. They added bear food to the trap so he would smell it and eat it. We're going to send him back to the safari park to his mummy.

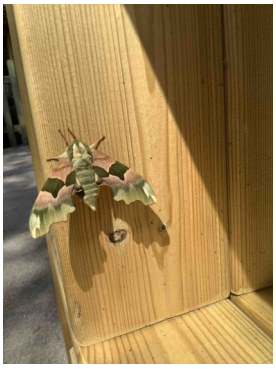

We also had a surprise in the garden this week. Ivy found this lime hawk moth drying its wings on our playhouse. She knew all about the lifecycle of a caterpillar and enjoyed sharing this with her friends.

Year 1

Year 1 have enjoyed playing some games outside with Mr Bearne this week.

If you don't win you say well done to the other person

I can jump in the hoops really fast!

The picture changed when I turned the corners.

In Design and Technology, we have begun our work on moving pictures. We have explored existing products and made a sliding picture.

I had to cut a slot in my picture for the slider to move in.

Mr Baker chases after the Gingerbread man when I pull the slider along.

Year 3

Our cricket skills are really developing now, lots of us are now managing to hit the ball accurately. We are also using Teamwork Tiger when fielding.

We have sent letters congratulating the King on his recent coronation

We have been learning about minor chords in our ukulele lessons.

I hope he replies!

Year 5

In music we have been using chime bars to create our own rhythm.

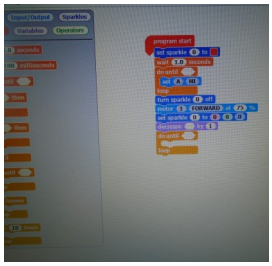

In Computing, we learnt to develop our understanding of how the flow of actions in algorithms and programs can be controlled by conditions.
